

English

As part of our Creative Curriculum we will write letters and complete diary extracts.

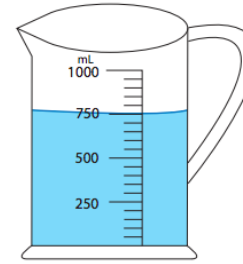

We will be asking questions and discussing different versions of the same story.

We will be learning about and using Onomatopoeia.

Maths

We will be covering:

- Numbers within 1000
- Measures: capacity and volumes
- Measure: mass

Science

Investigations

We will be investigating :

-reactions of everyday

ingredients

-how and what make colours change

-best use of materials

Computing

We will use computers safely to research .

We will take photographs to use in our art work.

We will download and save images.

P.E.

Work in small teams performing a shuttle relay with a baton.

Improve their jumping over, along and up different types of PE equipment.

Learn to throw a variety of PE equipment using an under-arm, over arm and swing action.

Summer 1

R.E. & Virtues

In R.E. children will discuss why we should care for the earth.

Our virtue for this half term is:

Confidence

Sensational Start:

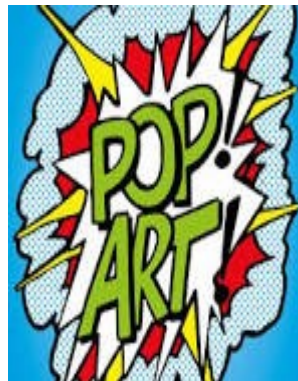

Poster design for 'Pop, Bubble, Bang!'

Extraordinary Extra:

Visit from an Artist

Fabulous Finish:

Exhibition of work

Creative Curriculum

The children will learn about 4 different Pop Artists and their work, this will involve:

-painting and craft work—design and technology box deconstruction/reconstruction

—location of places where these artists lived and worked

—linking to different styles of music —onomatopoeia sounds with instruments

-history of the record album cover
