Remembrance Service at the Linden

November 11th, Remembrance Day, was the day we remembered the brave men and women who have served, and continue to serve our country during times of war, conflict and peace.

They died so we could have freedom. So we can get an education. Get a job. Live a free life.

During our recent commemoration service where we were honoured to be joined by our local veterans - we remembered the sacrifices of everyone;

- The doctors and nurses who tended to the wounded;
- The parents who watched their children fight things that they couldn't protect them from;
- The children who were too young to understand why their mums and dads wouldn't be home for Christmas;
- The teen boys, who were shipped off to fight before they even got a chance at adulthood;
- Or the children who had to grow up too soon so they could take care of their families in the middle of the war.

As we stood in our school in peace and safety, we paid our respects to all of the fallen, all of the wounded and all who served in conflicts over the last 100 years. As we should every day, we remembered those who volunteered, sacrificed, served, fought, and died, for freedom. We will never forget. We will remember them.

The Shared Learning Trust

THE LINDEN
ACADEMY

I started working in Education 6 years ago when I joined Markyate Village School as a T.A.

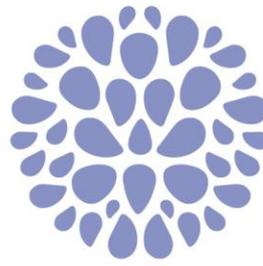

Prior to this I worked in IT, starting out as a Helpdesk Engineer then progressing to LAN Support Analyst, Systems Engineer and finally as a Release Manager at BP. I have two children, both of whom are in secondary school. I enjoy eating out, listening to music and watching my daughter horse riding.

I joined The Linden Academy on the 3rd of September 2018. I have also learnt so many life skills within my job I do within The Academy. I have enjoyed the journey that I have been taken on so far with The Linden Academy and I look forward to continue my career within the trust.

I was inspired to join the admin team when I did work experience within a partner school with the trust. I was already quite adept with admin due to my technology background. Being computer literate has helped in my career choice immensely. One of my goals that I have always aspired to is having the ability to run an office that is fully paperless and this would be my dream goal to help assist in the process of making the Linden office and then the academy a Paper-Less School.

In my free time I enjoy watching TV and Listening to music. I work within the community to help it develop. I also enjoy playing video games and talking with my friends and socialising with them.

Parents Evening.....

Our parents evening format changed based on feedback from parents. It was a busy evening with a great buzz around the place. Throughout the evening parents had the opportunity to give feedback on how they think we are performing. If you did not get the chance to complete the feedback, a link has been sent to all parents. Alternatively, there are hard copies in reception, which you can complete. (More detailed analysis will be available on the website)

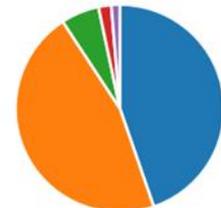

“My child made good progress after shifting to this school”
“My child loves coming to school”
“More challenging homework”

All the feedback is very valuable and it will reflect the leadership teams development plans ensuring we respond to all aspects.

1. My child is happy at school?
